

SKID STEER AND COMPACT TRACK LOADERS

OPERATING WEIGHT
7,253 - 12,544 lbs
(3,290 - 5,960 kg)

OVERALL HEIGHT
6' 6" - 6' 11"
(1.98 - 2.1 m)

GROSS ENGINE POWER
74 - 109 hp
(55 - 81 kW)

COMFORTABLY BETTER CONTROL.

With side-door entry, the largest cabs on the market, electric and adjustable joystick controls, our skid steers and compact track loaders enable maximum productivity.

INDUSTRY LEADING OPERATOR ENVIRONMENT

Our large-platform machine cab is 33% larger than the competition and 46% on small machines.

COMFORTABLY BETTER VISIBILITY.

The low boom profile on Hi-Viz models allows excellent visibility to both sides of the machine and the quick hitch, plus enhanced visibility to the tracks or wheels.

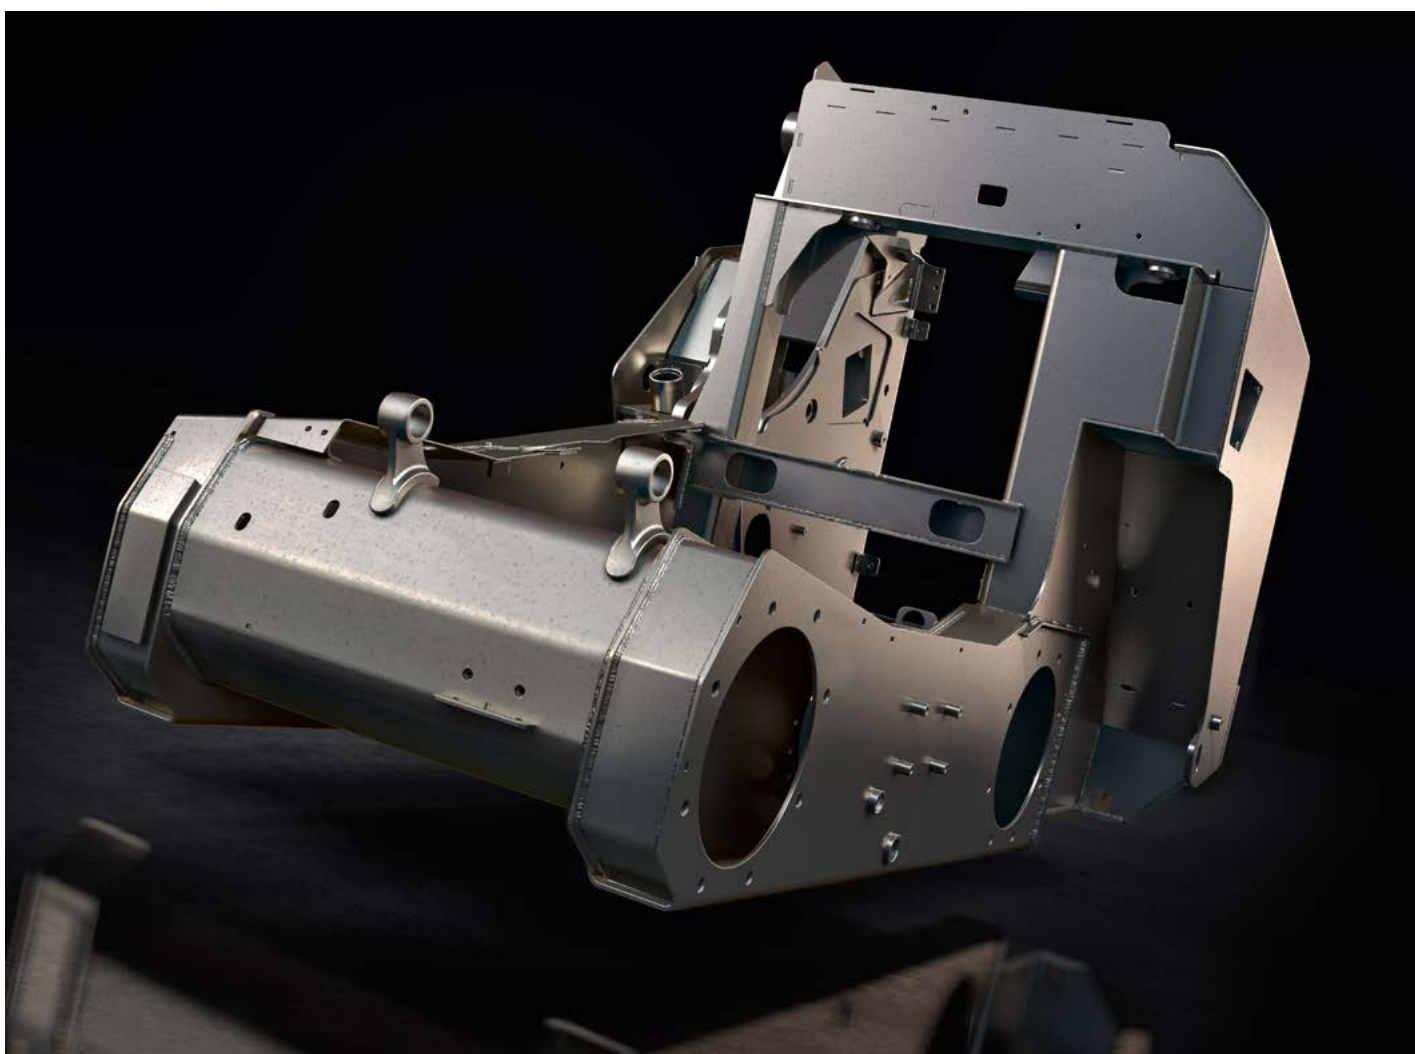

REDESIGNED CAB AND WINDSHIELD

New 7" digital display, reverse camera, job timer, auto idle, beacon switch, rocker switch blanks, and increased visibility windshield.

COMFORTABLY BETTER POWER.

With plenty of power and versatile features, JCB sets new standards for efficiency and productivity in skid steer and compact track loaders.

STRUCTURAL STRENGTH

A fully welded chassis provides a rigid structure for maximum strength and reduced weight. A solid undercarriage provides consistent performance on demanding terrain.

COMFORTABLY BETTER PERFORMANCE.

JCB skid steers and compact track loaders are built tough to handle the demands of any application and any condition.

VERSATILITY

JCB skid steers and compact track loaders can be fitted with a wide variety of attachments to work in any application, and also has options to meet many user requirements.

COMFORTABLY BETTER SAFETY.

With a wide-opening side door for safe entry and exit, JCB machine operators no longer need to climb over large attachments or under an unsupported boom.

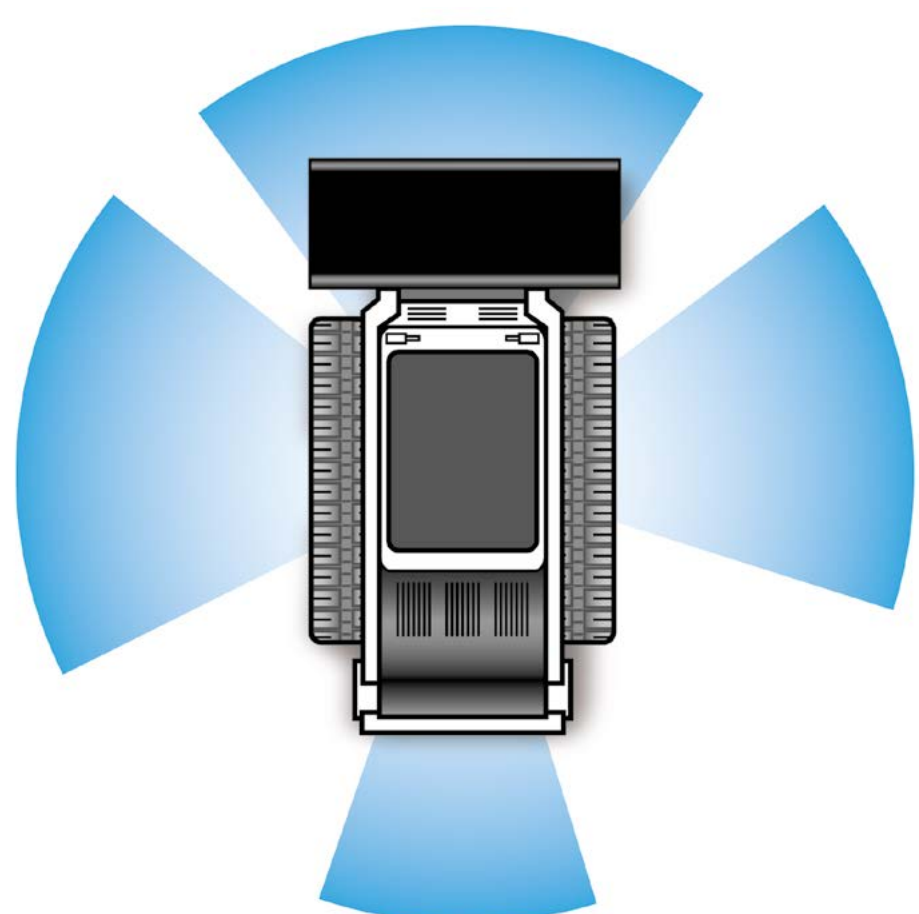

SAFER BY DESIGN

The optional electric quick hitch is fitted with a single-point lock-and-unlock flag for optimal visibility, to ensure that the attachment is safely locked and unlocked.
