CUT FROM THE CAB.

From the cab, you can easily adjust the 24in planer, with hydraulic depth and tilt control to improve safety and maximize performance.

CUT

2FT WIDE PLANER

HIGH PERFORMANCE

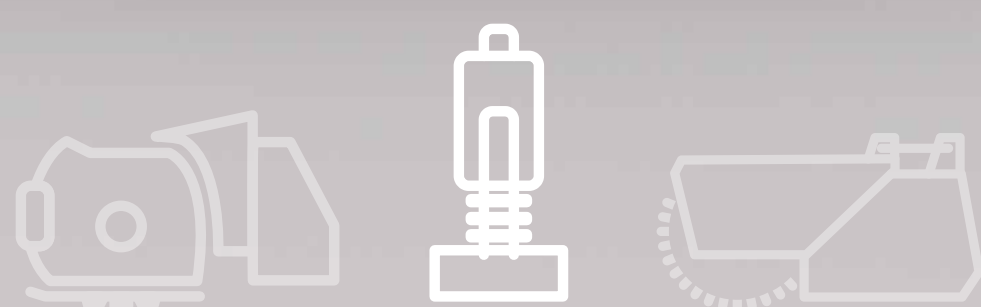

Side shifting planer works against the roadside curb, while self-levelling provides consistency, regardless of the gradient.

CROP FOR REPAIRS THAT LAST.

Maximize the life of your repair with the dedicated cropping tool, which provides a uniform hole profile that lasts.

CROP

16IN CROP TOOL

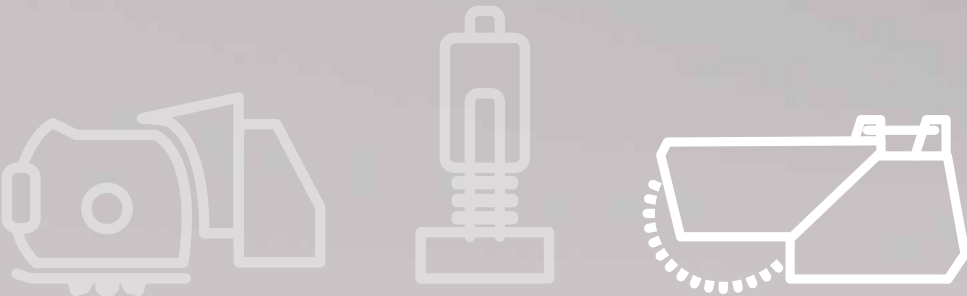

TOTAL CONTROL

The 360° tilt rotator lets you crop around obstacles such as sewers from the operator's seat, eliminating hand arm vibration syndrome.

CLEAN WITH ONE MACHINE.

The 4ft wide sweeper collector with dust suppression, enables you to prepare your pothole in a matter of minutes.

CLEAN

4FT SWEEPER

CLEAN UP IN NO TIME

Collect and dump debris with ease using either bucket mode or engaging the brush, reducing the time it takes to prepare the road surface for re-laying.

LOWEST COST PERMANENT REPAIR.

You can count on the JCB Pothole Pro to fix any repair or large reinstatement operations, efficiently, economically and permanently.

ECONOMICAL CHOICE

Repair roadway defects permanently and efficiently, reducing costs while increasing output by up to 10 times.

UNCOMPROMISING **REPAIR.**

Designed to work safely and efficiently in congested urban areas, the Pothole Pro prepares a defect safely, and quickly.

UNRIVALED SAFETY

The high seating position enables unhampered 360° visibility to all four wheels. Operate in a single lane road with confidence, protecting both pedestrians and vehicles.
